

Exploring Christianity Study 5

What Is Faith?

Introduction

We discovered in the previous studies that all mankind are sinners, because they all fall short of God's perfect standard. As a result of his sinful state, man is under God's just condemnation and wrath. In this sinful state, no person can enter Heaven. We learned that repentance is a change of attitude toward God, which leads to a change of direction. A person will be encouraged to true repentance by considering what Jesus Christ has done in His suffering for their sin. Have you prayed for God's help before starting this study?

Conclusion

Having considered what real Biblical faith is, ask yourself - do I just believe the facts, or have I got true (Bible type) saving faith in the Lord Jesus Christ?

Ask yourself - has there been a particular time (moment) in time when I definitely put my trust in Jesus Christ as my Saviour; and from that time on I knew that I was saved?

If you cannot point to such a definite occasion, then it is likely that you are not yet saved.
